2015 Safety Campaign SEC Tournament Winter Challenge

Phoenix Transportation wrapped up its annual SEC Tournament Safety Campaign the first of March. This campaign allows for all Phoenix employees the opportunity to win two tickets to the SEC tournament along with hotel accommodations and some spending money. Employees must remain accident free, injury free, and not have any poor roadside inspections from November 2014 to March 2015. This year we drew 64 names to fill out our bracket in February. From there we drew names to complete the bracket until we arrived at the championship winner, as well as the final four finalists.

This year's winner was Vernelle Wells. Vernelle and his wife were able to enjoy a nice weekend in Nashville, TN to root on the Kentucky Wildcats. Though Vernelle is from Indiana and Hoosier fan, you can see that he and his wife were all decked out in blue for the tourney. Congratulations to Vernelle.

The Final Four winners did not go empty handed though. Daryl Zumwalt, Ronnie Hackworth, and Daniel Cox received a \$50 gift card to Harry's. Congratulations to these individuals as well.

Be on the lookout for more opportunities to win stuff during our 2015

GETTING TO KNOW OUR CUSTOMER

ALLTECH—Nicholasville, KY

Helping farmers feed the world, raise healthy animals and protecting the environment thru nutritional innovation is Alltech’s main mission. Alltech was founded in 1980 by Dr. Pearse Lyons. With over 3,600 employees and a presence in 125 countries, Alltech is truly an international company. Alltech’s international presence grew leaps and bounds after hosting the 2010 World Equestrian games, beating out many European countries and hosting the games right here in Georgetown, KY. Alltech is a world leader in animal nutrition. The company also recently entered crop science and one of every Kentuckian’s pleasures, bourbon distilling and the making of Kentucky ale.

The shipping and receiving department is headed up by Ryan Smiley and Charlie Harbison. They team up to run one of the best traffic departments in the area. With over 80% of Alltech’s loads going international and currencies constantly changing it is very important that everything ships on time. Phoenix Transportation is a key transportation partner for Alltech, helping Alltech meet and exceed expectations to deliver products all over the United States.

Next time out order either a Kentucky Ale or Town Branch bourbon and make a toast to Alltech, one of the top companies in central Kentucky.

APRIL DAYS TRIVIA

- April 6th is Dyngus Day
- April 11th is Eight Track Tape Day
- April 14th is International Moment of Laughter Day
- April 17th is National Cheeseball Day
- April 26th is National Pretzel Day
- April 28th is Kiss Your Mate Day
- April 30th is National Honesty Day

IN THE KNOW

- How long have you been working for Phoenix Transportation?.....11 years.
- What do you do at Phoenix Transportation?.....Switching at Toyota.
- What is your favorite music?.....Lil bit of everything.
- What is your favorite movie?.....Gone in 60 Seconds.
- What is your favorite drink?.....Tea.
- If possible, who would you most like to meet whether they are living or not?. ...
.....My Pappaw.
- What is your favorite car?.....Chevelle.
- What place would you dream of going to?.....Bahamas.

In Loving Memory of
Glenn Meschnark
aka
"Santa Claus"

April 13, 1951~ March 12, 2015

Glenn V. Meschnark, age 63, a resident of McLeansboro, IL passed away at 7:55 pm on Thursday, March 12th, 2015 at the VA Medical Center in Marion, IL.

He was a US Army Veteran, who served in the Vietnam War. He was a member of the American Legion Post and attended the Christian Chapel Church in McLeansboro. He worked as a truck driver for almost 10 years at Phoenix Transportation Services LLC in Georgetown, KY.

We will all surely miss him.

Welcome

Several new employees were hired during the month of March. Please introduce yourself and make them feel welcome.

Commercial Motor Vehicle Driver Restart Study

Goal

The Commercial Motor Vehicle (CMV) Driver Restart Study is designed to measure and compare the fatigue and safety performance levels of truck drivers who take at least two nighttime rest periods during their 34-hour restart break and those drivers who use one nighttime rest period during their restart break.

Background

In the Consolidated and Further Continuing Appropriations Act of 2015, Congress directed FMCSA to conduct a commercial motorcarrier driver restart study. In this study, FMCSA will compare 5-month driver work schedules and assess operator fatigue and safety critical events (SCEs) between the following two groups:

- CMV drivers who operate under the hours of service (HOS) restart provisions in effect between July 1, 2013, and December 15, 2014.
- CMV drivers who operate under the provisions as in effect on June 30, 2013.

Summary

The study will compare five-month work schedules and will assess SCEs (e.g., crashes, near-crashes, and crash-relevant conflicts), operator fatigue/alertness, and short-term health outcomes of the two groups of CMV drivers. The sample of drivers, which will be large enough to produce statistically significant results, will include drivers from small, medium, and large fleets across a variety of operations (long-haul, short-haul, and regional). The study plans to include different sectors of the industry such as flat-bed, refrigerated, tank, and dry-van.

Safety critical events, driver fatigue/levels of alertness, and driver health outcomes will be evaluated using:

- Electronic Logging Devices (ELDs) (which track drivers' time on duty).
- The Psychomotor Vigilance Test (PVT) (which measures alertness).
- Actigraph watches (which assess sleep).
- Onboard monitoring systems and/or cameras that record or measure SCEs and driver alertness.
- The Karolinska Sleepiness Scale (KSS) (which measures drivers' assessment of sleepiness).

The project will include the development of an initial study plan and final report, each of which shall be subject to an independent peer review panel of individuals with relevant medical and scientific expertise. As part of this study, the Secretary will submit a plan outlining the scope and methodology to the U.S. Department of Transportation Inspector General.

Status

The independent peer review panel completed review of the study design, February 2015. US DOT Office of Inspector General completed review of the study plan, March 2015. Data collection started March 2015.

Monthly Health Tip

Swab Your Soles

Are you tired of having stinky feet?
Kill odor-causing bacteria quickly by soaking a cotton ball with rubbing alcohol and wiping your soles as needed.

Care Corner

Please feel free to submit any prayer request, special need or celebration to the HR Department for inclusion in the Care Corner. We also have developed an email address (care@phoenix-transportation.net) that will help support the communication process. If you would like to be included in the Care Mail Group please contact Mark Barnes.

The people listed here have experienced sickness or loss of family members.
Kindly keep them in your thoughts and prayers.

- Jimmy Wilson is currently undergoing treatment for lung cancer.
- Ab Sharp has serious health issues.
- Deron Henry's sister passed away.
- We need to keep Larry Wagoner in our thoughts and prayers.
- Page Ray's father passed away in West Virginia.
- Tim Duning is having knee replacement surgery.
- Adam Isaacs has had a successful surgery and is back to work.
- Dallas Osborne has had medical problems.

Please continue to lift up those co-workers with unrequested prayer needs!

Clinton Cox

How long have you been working for Phoenix Transportation?.....3 years.
 What do you do at Phoenix Transportation?.....Mechanic.
 What is your favorite music?.....Rock.
 What is your favorite movie?.....Gone in 60 Seconds.
 What is your favorite drink?.....Sweet Tea.
 If possible, who would you most like to meet whether they are living or not?...
Jesus Christ.
 What is your favorite car?.....'69 Charger.
 What place would you dream of going to?.....Bora Bora.

ATTENTION USERS

Phoenix Transportation utilizes this online training program to communicate training and important information that will help reduce incidents and create a safer work environment. Please follow the steps below to begin training today!

TRAINING AND TESTING CAN BE COMPLETED IN JUST MINUTES!

☰ [•] Á š } ' š

Step 1 Go to the Training Website

Enter <http://phoenix.infinet-i.net> in your website browser. Once the website loads, use point and left click on the ^ d [v] v P . v š [_ o] v |

Step 2 Enter the Training Center

Type in your username and password š Z v o Sign In } v ^

Example: John Doe

Username: First 3 letters of last name (DOE) First 2 letters of First name (JOE) DOEJO

Password: ?

Step 3 Select Topic in the Classroom Section

Choose a topic and open by clicking on the + symbols on the left hand side.

Step 4: Start the Video

Clicking on the play symbol will start the video. The video will play automatically until completion.

Step 5 Take the Test

Test questions will appear automatically following the video.

Answer all questions to complete training. Once you have passed the test, this training will be removed from your classroom.
